

KIDNEY FOUNDATION OF OHIO

# ANNUAL REPORT

2022

KIDNEY FOUNDATION  
OF OHIO, INC.

*Includes Kidney Foundation of Ohio Real Estate Foundation Annual Report*

## DEAR SUPPORTERS –

On behalf of the Kidney Foundation of Ohio's Board of Directors, and Medical Advisory Board I would like to thank you for the critical role you played in uplifting the most vulnerable kidney patients this past year. As the Foundation continues on its journey to build a healthier community, we are honored that you have chosen us as a partner, supporter, and friend.

Over the past 72 years, the Foundation has dramatically grown its service area and broad-based programs for the general public, renal professionals, patients and their families. As a result of our efforts, we hope that individuals affected by kidney disease will attain a measurably improved quality of life, and that we can bring awareness to the devastation of kidney disease in our community.

I admire how our volunteers, donors, and leadership have come together to address the health of our community. Last year we served 1,038 patients with medication assistance, transportation reimbursement, and emergency funding, and surrounded our patients with the care they needed to sustain and improve their health. We maintained strong and unwavering support to those who needed us the most.

Please accept my sincere appreciation for your continued support of the Kidney Foundation of Ohio. We are truly grateful, as are the individuals receiving assistance. I am proud of all that has been accomplished and look forward to the year ahead.

A handwritten signature in black ink that reads "Chuck Smith". The signature is fluid and cursive.

Chuck Smith  
Chairman, Board of Directors

## BOARD OF DIRECTORS

Chuck Smith - Chairperson  
Sally Balch - Treasurer  
Bob Grossman - Secretary  
Sheri A. Beck-Eyssen - Vice Chair  
Michael Bongers - Vice Chair  
William F. Christensen - Vice Chair  
Deborah A. Damas - Vice Chair  
Richard Fatica, MD - Vice Chair  
Gregory W. Klucher, Esq. - Vice Chair  
Stephen Roberts - Vice Chair  
Gary Robinson - Vice Chair

Sun'da M. Simmons, OCDT/BONENT  
Titte R. Srinivas, MD, FAST

# ABOUT KIDNEY FOUNDATION OF OHIO

The Kidney Foundation of Ohio serves a thirty-two county area in northern and eastern Ohio and supports two affiliate chapters in Lake and Summit Counties. There are additionally five counties supported by the organization in West Virginia to assist individuals who cross into Ohio for treatment. What began as a small group of families and physicians has become the premier agency in Ohio for providing direct assistance and education to those suffering from the effects of kidney failure.

The Kidney Foundation remains the only health and human services agency in Northeast Ohio which continues to provide direct dollars to patients to assist through the devastation of kidney disease. The Foundation remains an Ohio-based organization and all funds raised in Ohio, stay in Ohio to help our patients.

## MISSION

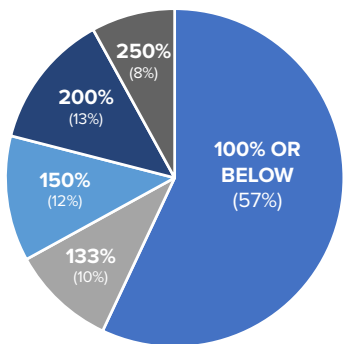

We are dedicated to providing a broad-based program of direct assistance to persons with kidney disease and promoting and providing educational programming for the general public, renal professionals, and patients and their families.

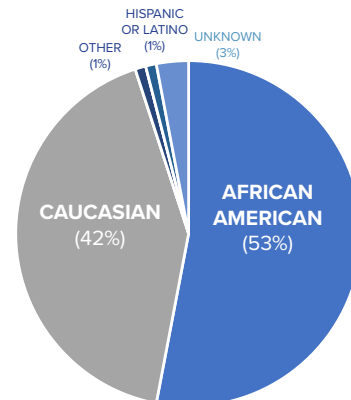

## PURPOSE

Patients utilizing our services will experience a reduction or removal of the financial barrier to life-sustaining medication, transportation, or support during an emergency situation.

## WHO WE SERVE

FEDERAL POVERTY LEVEL

ETHNICITY

AVERAGE YEARLY INCOME = \$18,851.10

# PATIENT ASSISTANCE PROGRAMS

## MEDICATION ASSISTANCE

---

---

This program provides financial aid to help individuals purchase life-saving renal medications and nutritional supplements through an approved pharmacy. In emergency situations, gift cards are distributed to local pharmacies to receive immediate medications.

*Medication Assistance includes **Emergency Insulin** for diabetics who have run out of their medication and are unable to access another supply.*

**234**

PATIENTS  
ASSISTED

## TRANSPORTATION ASSISTANCE

---

---

Patients require safe, reliable, and affordable transportation to and from dialysis and/or transplant appointments. Many kidney patients do not qualify for other community-based assistance; the services are cost prohibitive, or transit schedules are not conducive to a patient who is ill after a scheduled dialysis treatment. Qualified and enrolled participants receive mileage reimbursement paid bi-monthly directly to the individual. In emergency situations, bus passes, cab vouchers, and gasoline gift cards are issued when no other support is available.

**402**

PATIENTS  
ASSISTED

## EMERGENCY ASSISTANCE

---

---

To help lessen the financial burden of kidney disease, an emergency grant, available once a year, is issued to an individual when an incident occurs (high utility bill, auto repair) that has an impact on the patient's life.

*Emergency Assistance includes the **Giving Tree** program which helps those affected by kidney disease during the holiday season. Generous donations of gift cards to gas stations, and grocery and convenience stores benefited 70 patients.*

**332**

PATIENTS  
ASSISTED

# SUPPORTIVE SERVICES

## INFORMATION & REFERRAL

Living with Chronic Kidney Disease requires significant lifestyle adjustments for patients and their families. This may cause individuals to feel helpless or overwhelmed, inhibiting the person's ability to follow treatment guidelines, resulting in poor medical outcomes. We provide support to patients and families allowing them to take control of their health, finances, and resources for better management and outcomes.

## MEDICAL IDENTIFICATION BANDS

Personalized bands that include patient's treatment type, and the location of their access are provided at no cost. A wallet-sized medical alert card is included that lists the individual's doctor's name and telephone number, allergies, and medical conditions. In emergency situations, the identification band easily alerts first responders to the location of an individual's access. We distributed 298 bands in 2022.

# EDUCATIONAL PROGRAMMING

## Learning Series

---

*Educational webinar sessions are hosted for healthcare professionals to provide resources to better serve patients. More than 400 people attended the three sessions in 2022.*

### An Implantable Bioartificial Kidney to Overcome Scarcity and Provide Ultimate Freedom

*Hosted with University Hospitals Transplant Institute & Funded by Ohio Commission on Minority Health*

### Empowering Patients with Kidney Disease

*Hosted with NephU*

### Marijuana Use & the Kidney Transplant Evaluation Process

*Hosted with University Hospitals Transplant Institute*

## World Kidney Month

---

*During the month of March, awareness is raised on the importance of our kidneys to our overall health and to reduce the frequency and impact of kidney disease and its associated health problems worldwide.*

Information and resources were shared throughout the month via email and social media, and a webinar was hosted for kidney patients and community members on Vitamin & Mineral Intake in Chronic Kidney Disease.

During World Kidney Month, KFO Vice President, Kelly Dowling, and Dr. Hernan Rincon-Choles virtually joined WKYC during their It's About You segment to share about kidney disease and transplantation, and the services we provide the community.

## Healthy Teens, Healthy Tomorrow: Teen Summit

---

In partnership with Cleveland MOTTEP (Minority Organ Tissue Transplant Education Program), Teen Summits provided education and information regarding positive lifestyle choices and risk factors contributing to chronic illness to minority teens. In addition, the summits promoted personal responsibility for health-related decisions, including becoming an organ donor. A Spring session was held aimed at empowering students with a heightened sense of health awareness.

# 47th Annual Renal Symposium

---

---

This annual two-day interdisciplinary conference features nationally recognized experts in the field of renal healthcare, and addresses the latest issues and trends in dialysis and transplantation.

**250 renal professionals** were in attendance including Dialysis Technicians, Dietitians, Nurses, Transplant Coordinators, and Social Workers.

## PRESENTATION TOPICS INCLUDED:

Key Insights into Kidney Transplantation From Deceased Donors with COVID-19  
Educating Patients on Home Modalities  
Anemia Management in Chronic Kidney Disease  
Trauma Informed Care: What It Is and Why It Is Important  
Access and Transplant: How Do They Intersect?

---

---

### Torchbearer Award

Jay Miller received the **Torchbearer Award in Memory of Barb Guthrie** for his commitment to personal and professional development, contributions in the community through volunteer service and serving as a role model for others.

### Excellence in Nephrology Nursing Practice Award

Vicki Eberhard received the **Marilyn R. Bartucci Excellence in Nephrology Nursing Practice Award** for her outstanding contributions in the field of nephrology and toward the mission of the Kidney Foundation of Ohio.

# ROADMAP FOR KIDNEY TRANSPLANTATION

*A three-part video series was created to educate kidney patients on the benefits associated with getting listed for a kidney transplant, and to answer questions about the process.*

## VIDEO 1 - TRANSPLANTATION 101

Dr. Richard Fatica, transplant nephrologist, and Christine Shay-Downer, transplant coordinator, give an overview of the transplant process.

## VIDEO 2 — LIVING DONATION

Lisa, a living kidney donor, shares her perspective on the donation process and its benefits.

## VIDEO 3 - RECIPIENT TESTIMONIALS

Four kidney recipients - Boyd, Gloria, Larry, and Loren - share their transplant stories and how it led to a better quality, and longer life.

WATCH THE THREE-PART VIDEO SERIES ON YOUTUBE

# SCHOLARSHIPS

Two scholarship opportunities are available, an Educational Scholarship and a Nursing Scholarship. Three new recipients were selected in 2022.

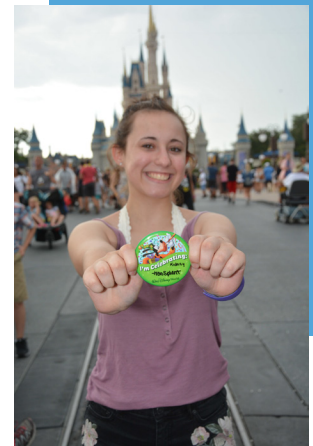

TINA

Tina has worked in dialysis for 12 years, and is currently a technician at Fresenius Kidney Care. She holds the positions of preceptor, water champion, and expert cannulator. In addition to working full-time, Tina trains new hires and is a full-time student.

She'll graduate with an Associate degree in Nursing and will take her NCLEX exam with hopes to continue her education to receive a Bachelor in Nursing. Her long-term plan is to receive a Masters in Nursing and ultimately become a Nurse Practitioner, with a focus on nephrology.

MICHAELA

Michaela was diagnosed with Chronic Kidney Disease (CKD) at just a few days old. In 2017, she received a kidney transplant, which improved the quality of her life immensely.

She is earning her Associate degree to be a Registered Nurse. She wants to work on a transplant floor or in a dialysis center. Since she has already been on the patient side of that experience, she hopes to make a difference for her future patients.

SARAH

During the fall of her senior year of high school, Sarah's mom was diagnosed with Stage 4 renal failure. Sarah felt nervous and worried about leaving home for college after the diagnosis, but her family adapted.

She's earning a Bachelor's degree in Nursing, and hopes to help the renal community in her future career, knowing first-hand the impact the difficult illness can have on the patient and their family.

***In total, 8 scholarships were funded in 2022.***

"The cost for textbooks can be pretty expensive and the fact that this scholarship helped me with those purchases, along with the total tuition, was a huge weight lifted from the stress of the financial aspects of college. I was now able to focus more on my studies and truly make the most out of my first year of college where I otherwise would've been more stressed about finances."

– Roman, Current Scholarship Recipient

# SPECIAL EVENTS

---

The **30TH ANNUAL GALA** honored the 2022 Person of the Year, Dr. Hernan Rincon-Choles, and presented the Legacy Award in memory of Marilyn R. Bartucci. The milestone event raised **\$162,000**.

We raised **\$42,795** through the **GOLF OUTING IN MEMORY OF DENNIS KENNEDY**. 100 individuals participated in the scramble and enjoyed games, raffles and giveaways.

Guests enjoyed food, drink, music, and a beautiful sunset during the **SUMMER SOIREE** at Nuevo Modern Mexican where **\$39,000** was raised.

The **HARVEST WALK & 5K** was held at Mapleside Farms. Nearly 500 people came together to walk and run, enjoy family-friendly activities, and raise **\$51,000**.

The **MOLTO BELLA AUTO SHOW** at Stan Hywet Hall & Garden, and benefit dinner at Todaro's Party Center raised **\$73,400** for the Kidney Foundation of Ohio Summer County Chapter

# THANK YOU TO OUR VOLUNTEERS

Thank you to our dedicated volunteers for ensuring the success of our programs and fundraisers, and furthering our reach in the community! These individuals served on committees, volunteered their time at special events, spoke during educational sessions, and much more to make our work possible.

*The Kidney Foundation of Ohio Real Estate Foundation was established in 2004, and is incorporated in the State of Ohio as a 501(c)(3) not-for-profit corporation.*

*The primary function of the Real Estate Foundation is to own, hold, and operate real estate for the Kidney Foundation of Ohio, Inc. and such other 501(c)(3) charities as it may determine. Currently, space is leased at the Donald P. Shury Building to the Kidney Foundation of Ohio, Inc. and the Epilepsy Association.*

# — CORPORATE & FOUNDATION SUPPORT —

## Above \$25,000

**Centers for Dialysis Care (CDC)** provides patient-focused dialysis treatment, education support, and training to individuals with kidney failure. CDC and the Leonard C. Rosenberg Foundation have supported the Foundation for more than 30 years through our Gala, World Kidney Day, Golf Outing, Summer Soiree, Renal Symposium, Harvest Walk & 5K, and patient programs.

**Ohio Renal Care Group (ORCG)** is a collaborative partnership that combines the services and expertise of Cleveland Clinic, the MetroHealth System and Fresenius Kidney Care to provide life-saving education, dialysis services and kidney transplantation to patients in the Greater Cleveland area. ORCG supports our Gala, World Kidney Day, Golf Outing, Renal Symposium, Harvest Walk & 5K, and direct assistance programs.

**HFH Foundation** is a charitable family foundation whose mission is to fill the gaps left by larger organizations through direct assistance to those facing financial and medical challenges. Their support benefits our assistance programs, and provides education on transplantation to the community.
