DEAR SUPPORTERS –

On behalf of the Kidney Foundation of Ohio’s Board of Directors, and Medical Advisory Board I would like to thank you for the critical and special role you played in uplifting the most vulnerable kidney patients this past year. As the Foundation continues its journey to build a healthier community, we are honored that you have chosen us as a partner, supporter, and friend.

Over the past 73 years, the Foundation has grown its service area and broad-based programs for the general public, renal professionals, patients and their families. As a result of our efforts, we hope that individuals affected by kidney disease will attain a measurably improved quality of life, and that we can bring awareness to the devastation of kidney disease in our community.

I’d like to share some inspirational highlights from the year:

• 1,276 people were assisted, an increase over the year prior by 238 patients.
• The inaugural Youth Summit was held - a partnership with Cleveland MOTTEP and Boys & Girls Clubs of Cleveland.
• Educational Webinars for healthcare professionals continue to grow in attendance and impact.
• First Volunteer Appreciation event took place and volunteers shared memorable stories about their involvement and the impact to their lives.

I admire and respect how our volunteers, donors, and leadership have come together to address the needs around health of our community. Their involvement allowed us to help our patients with medication assistance, transportation reimbursement, and emergency funding, and surrounded our patients with the care they needed to sustain and improve their health. We maintained strong and unwavering support to those who needed us the most.

Please accept my sincere appreciation for your continued support of the Kidney Foundation of Ohio. We are truly grateful, as are the individual’s receiving assistance. I am proud of all that has been accomplished and look forward to the year ahead. I know we will continue to do bigger and better things for our patients as we go forward.

Many thanks and sincere appreciation,

Sheri A. Beck-Eyssen
Chair, Board of Directors
ABOUT KIDNEY FOUNDATION OF OHIO

The Kidney Foundation of Ohio serves a thirty-two county area in northern and eastern Ohio and supports two affiliate chapters in Lake and Summit Counties. There are additionally five counties supported by the organization in West Virginia to assist individuals who cross into Ohio for treatment. What began as a small group of families and physicians has become the premier agency in Ohio for providing direct assistance and education to those suffering from the effects of kidney failure.

The Kidney Foundation remains the only health and human services agency in Northeast Ohio which continues to provide direct dollars to patients to assist through the devastation of kidney disease. The Foundation remains an Ohio-based organization and all funds raised in Ohio, stay in Ohio to help our patients.

MISSION

We are dedicated to providing a broad-based program of direct assistance to persons with kidney disease and promoting and providing educational programming for the general public, renal professionals, and patients and their families.

PURPOSE

Patients utilizing our services will experience a reduction or removal of the financial barrier to life-sustaining medication, transportation, or support during an emergency situation.

WHO WE SERVE

FEDERAL POVERTY LEVEL

- 100% OR BELOW (56%)
- 150% (16%)
- 200% (9%)
- 250% (4%)
- UNKNOWN (2%)

ETHNICITY

- WHITE (39%)
- BLACK/AFRICAN AMERICAN (55%)
- ASIAN (1%)
- HISPANIC/LATINO (3%)
- OTHER/UNKNOWN (2%)

AVERAGE YEARLY INCOME = $18,386
PATIENT ASSISTANCE PROGRAMS

MEDICATION ASSISTANCE
This program provides financial aid to help individuals purchase life-saving renal medications and nutritional supplements through an approved pharmacy. In emergency situations, gift cards are distributed to local pharmacies to receive immediate medications.

Medication Assistance includes Emergency Insulin for diabetics who have run out of their medication and are unable to access another supply.

TRANSPORTATION ASSISTANCE
Patients require safe, reliable, and affordable transportation to and from dialysis and/or transplant appointments. Many kidney patients do not qualify for other community-based assistance; the services are cost prohibitive, or transit schedules are not conducive to a patient who is ill after a scheduled dialysis treatment. Qualified and enrolled participants receive mileage reimbursement paid bi-monthly directly to the individual. In emergency situations, bus passes, cab vouchers, and gasoline gift cards are issued when no other support is available.

EMERGENCY ASSISTANCE
To help lessen the financial burden of kidney disease, an emergency grant, available once a year, is issued to an individual when an incident occurs (high utility bill, auto repair) that has an impact on the patient’s life.

Emergency Assistance includes the Giving Tree program which helps those affected by kidney disease during the holiday season. Generous donations of gift cards to gas stations, and grocery and convenience stores benefited 74 patients.

SUPPORTIVE SERVICES

INFORMATION & REFERRAL
Living with Chronic Kidney Disease requires significant lifestyle adjustments for patients and their families. This may cause individuals to feel helpless or overwhelmed, inhibiting the person’s ability to follow treatment guidelines, resulting in poor medical outcomes. We provide support to patients and families allowing them to take control of their health, finances, and resources for better management and outcomes.

MEDICAL IDENTIFICATION BANDS
Personalized bands that include patient’s treatment type, and the location of their access are provided at no cost. A wallet-sized medical alert card is included that lists the individual’s doctor’s name and telephone number, allergies, and medical conditions. In emergency situations, the identification band easily alerts first responders to the location of an individual’s access. We distributed 284 bands in 2023.
WORLD KIDNEY DAY

A resource fair was held at Dave’s Market & Eatery in Midtown for kidney patients, and the community. Attendees visited with vendors, received information on nutrition related to kidney-disease, enjoyed food, giveaways and more.

YOUTH SUMMIT

In partnership with Cleveland MOTTEP (Minority Organ Tissue Transplant Education Program), and Boys & Girls Clubs of Cleveland, we hosted the inaugural Youth Summit.

Nearly one hundred kids ages 5-18 attended the full-day educational session on making positive lifestyle choices.

Presentations included information on chronic illnesses, a cooking demonstration on proper diet and healthy cooking, a panel on careers in healthcare, information on the importance of organ and tissue donation, as well as Zumba and yoga.

COMMUNITY EVENTS

Volunteers and Board Members attended community events to share resources and information including at Taste of Tremont (left) and Saint Ambrose Catholic Parish (right).
LEARNING SERIES

Educational webinar sessions are hosted for healthcare professionals to provide resources to better serve patients. More than 250 people attended the four sessions in 2023.

What Makes a Match? How Kidney Donors & Recipients Are Selected

The Who, What, and Why of Nursing Home Dialysis

Hosted with University Hospitals Transplant Institute

Sponsored by Embassy Healthcare

Sponsored by NephU

This annual two-day interdisciplinary conference features nationally recognized experts in the field of renal healthcare, and addresses the latest issues and trends in dialysis and transplantation. More than 250 renal professionals were in attendance including Dialysis Technicians, Dietitians, Nurses, Transplant Coordinators, and Social Workers. Presentations included Respiratory Viruses in Kidney Transplant Recipients, Drug Dialyzability, and Utilizing Data to Understand Health Disparities.

48TH ANNUAL RENAL SYMPOSIUM

Torchbearer Award in Memory of Barb Guthrie

This award honors a current, certified dialysis, biomedical technician or water specialist.

Terry Snead

Terry began his career working at Fresenius Kidney Care as a PCT and has become a Biomedical Technician II. Terry continually strives to increase his knowledge and expertise.

Terry was recognized for his dedication to patient safety, by ensuring that team members are continuously monitoring, tracking and correcting any issues that may arise in the water room. Terry is always willing to teach or train new team members to help improve patient safety. Terry provides innovative, insightful suggestions for improvement during team meetings. Terry is kind, helpful and friendly to staff members and patients alike. He always treats patients the way he would treat a family member.

Marilyn R. Bartucci Excellence in Nephrology Nursing Practice Award

This award is presented for outstanding contributions in the field of nephrology and toward the mission of the Kidney Foundation of Ohio.

Christine Shay-Downer, MBA, BSN, RN, CCTC

Christine (Chris) began her transplant career in Pittsburgh at UPMC, before joining the Cleveland Clinic transplant program in 2005. Chris joined the University Hospitals Transplant Institute in 2021 as the Abdominal Transplant Nurse Manager, before becoming the Administrative Director for the UH Transplant Institute in 2023.

Chris is nationally recognized within the transplant nursing community. She has presented locally, nationally, and internationally and has served on several professional Boards including International Transplant Nurses Society, Minority Organ and Tissue Transplant Education Program, and Transplant Recipients International Organization (TRIO).

Terry and Chris were presented their awards at the 48th Annual Renal Symposium.
Hannah Morris is this year’s recipient of the Nursing Scholarship in memory of Marilyn R. Bartucci. Hannah is currently working towards her Bachelors degree in Nursing at Cleveland State University (CSU), and has a passion for volunteering. She volunteers at University Hospitals, with the Student Nurses Association at CSU, and with Transplant Recipients International Organization (TRIO). Hannah says she knew from a young age she was meant to care for people, and that is the driving force to pursue a nursing career. A fellow Nurse, and family friend, states that she “knew Hannah was destined for a profession of caring. Hannah was always the nurturer of all the children on our block. She was accepting of every child, always had a kind word and gentle touch.” Upon graduation, Hannah wants to work with kidney dialysis patients.

Amanda was diagnosed with Chronic Kidney Disease (CKD) at 15 years old. Amanda recounts that after her diagnosis she became very interested in the disease, and the organ in general. Going into her junior year of high school she knew she wanted to become a “trusted, well-rounded, and reliable nephrologist”. She wants to work on a transplant floor or in a dialysis center. Since she has already been on the patient side of that experience, she hopes to make a difference for her future patients.

Jacob was diagnosed with End Stage Renal Disease (ESRD) unexpectedly at 16 years old, and started dialysis the next day. After 18 months on dialysis, he received a living-donor kidney transplant from his best friend’s sister.

He attends the University of Cincinnati, studying Nursing. Jacob is described by his doctors, coaches, and teachers as a beacon of positivity, and as displaying maturity and composure beyond his years.

In total, 9 scholarships were funded in 2023.

“Thank you so much for your generous contribution to my education! I likely wouldn’t be able to attend without aid such as this and it means so much to me.”

– Melinda, Current Scholarship Recipient

“This scholarship has allowed me to gain experience and knowledge in the field of nursing [...]. Without the scholarship I would have to take on more of the financial burden.”

- Collin, Current Scholarship Recipient
The **31st ANNUAL GALA** honored the 2023 Person of the Year, Dr. Mahboob Rahman, and presented the Lifetime Achievement Award to Dr. Haifa Hanna. The event raised **$173,000**.

We raised **$41,000** through the **GOLF OUTING IN MEMORY OF DENNIS KENNEDY**. One hundred individuals participated in the scramble and enjoyed games, raffles and more.

Guests enjoyed food, music, and a beautiful sunset during the **SUMMER SOIREE** at Nuevo Modern Mexican & Tequila Bar where **$47,000** was raised.

The **HARVEST WALK** was held at Mapleside Farms. More than 300 people came together to walk and run, enjoy family-friendly activities, and raise over **$42,000**.
THANK YOU TO OUR VOLUNTEERS

Thank you to our dedicated volunteers for ensuring the success of our programs and fundraisers, and furthering our reach in the community! These individuals served on committees, volunteered their time at special events, spoke during educational sessions, and much more to make our work possible.

*The Kidney Foundation of Ohio Real Estate Foundation was established in 2004, and is incorporated in the State of Ohio as a 501(c)(3) not-for-profit corporation.*

*The primary function of the Real Estate Foundation is to own, hold, and operate real estate for the Kidney Foundation of Ohio, Inc. and such other 501(c)(3) charities as it may determine. Currently, space is leased at the Donald P. Shury Building to the Kidney Foundation of Ohio, Inc. and the Epilepsy Association.*
### CORPORATE & FOUNDATION SUPPORT

**Above $25,000**

**Centers for Dialysis Care (CDC)** provides patient-focused dialysis treatment, education support, and training to individuals with kidney failure. CDC and the Leonard C. Rosenberg Foundation have supported the Foundation for more than 30 years through our Gala, World Kidney Day, Golf Outing, Summer Soiree, Renal Symposium, Harvest Walk & 5K, and patient programs.

**Ohio Renal Care Group (ORCG)** is a collaborative partnership that combines the services and expertise of Cleveland Clinic, the MetroHealth System and Fresenius Kidney Care to provide life-saving education, dialysis services and kidney transplantation to patients in the Greater Cleveland area. ORCG supports our Gala, World Kidney Day, Golf Outing, Renal Symposium, Harvest Walk & 5K, and direct assistance programs.
