About Dennis Kennedy

Dennis Kennedy started his career as a kidney dialysis technician at MetroHealth Medical Center and the Cleveland Clinic Foundation. In 1993, he joined the Centers for Dialysis Care (CDC) where he attained the position of Director of Technical Services. His love for golf resulted in the beginning of a golf outing for CDC employees. Dennis dreamed of golfing at Pebble Beach, but his dream was precluded by his sudden death in 1996. His co-workers decided not only to memorialize Dennis by continuing the golf outing, but to turn it into a fundraiser for his second love, kidney patients.

Kidney Foundation of Ohio

We are dedicated to providing a broad-based program of direct assistance to persons with kidney disease and promoting and providing educational programming for the general public, renal professionals, and patients and their families. It is our goal that all people with renal disease or transplant recipients will be accepted in the community and have a measurably improved quality of life and function as a result of the services provided by the Foundation.

The Kidney Foundation of Ohio is a nonprofit organization, based in Cleveland, and has become the premier agency in Ohio for providing direct assistance and education to individuals suffering from kidney failure. The Foundation remains the only health and human service agency in Northeast Ohio to provide direct dollars to patients.
